There was a big crowd in the city Saturday and trade was brisk in all the stores.  
The citizens of Wedgfield have sent \$62.25 to the Columbia State for the Galveston sufferers.  
To prevent consumption quickly cure throat and lung troubles with One Minute Cough Cure J. S. Hugbison & Co.  
The Sumter Light Infantry should take part in the encampment and competitive drill in Columbia during the State Fair.  
The negro gamblers are now haunting the back lots and with the aid of a little mean whiskey and various skin games are fleecing the country negroes.  
DeWitt's Little Early Risers are prompt, palatable, pleasant, powerful, purifying little pills. J. S. Hugbison & Co.  
Another reference in the telephone factories suit was held before Master H. F. Wilson Friday. It is expected that the case will come up in the October term of court.  
The telephone connection with Florence and other towns in the eastern section of the State and North Carolina is now an established fact and satisfactory service is rendered.  
You can spell it cough, cough, cough, kauf, kauf, cough or laugh, but the only harmless remedy that quickly cures it is One Minute Cough Cure. J. S. Hugbison & Co.  
The ice factories have had a busy season and have found it impossible to fill all orders, but their harvest season is drawing to a close and the coal men are out hunting orders.  
The dispensary is doing a big business. Cotton picking puts a great deal of money into the hands of the negroes and they buy more liquor from the dispensary than the whites.  
The most dairy and effective pills made are DeWitt's Little Early Risers. They are unequalled for all liver and bowel troubles. Never gripe. J. S. Hugbison & Co.  
Al. G. Field's Big Minstrels will appear at the Opera House on Friday night, Sept. 28. This minstrel company comes well recommended and should be greeted by a large audience.

MARRIED.

Married at residence of Mrs. Herman Schwerin, the bride's mother, in this city on September 19, Miss Rebecca Schwerin and Mr. Louis Lyons, of Baltimore, Md., Rev. B. A. Elias officiating. No cards.

DEATH.

Mrs. Sarah Foxworth, widow of the late Thomas D. Foxworth, died on Thursday night, Sept. 20th at the home of her brother, Mr. E. J. Goodman, on Calhoun Street in this city. The remains were interred in the cemetery on Saturday after funeral services at the house by Rev. W. A. Kelly.

Robert Lide Dargan.

Darlington, Sept. 19.—Robert Lide Dargan died at the residence of his aunt, Mrs. L. E. Williamson, this morning after a lingering illness. While the end had been expected for several days, nevertheless his demise has cast a gloom over the community. Mr. Dargan was about 33 years of age and was one of the foremost young men of Darlington. He was the oldest son of the late Maj. Timothy G. Dargan and a cousin of the late Congressman George W. Dargan.

THE SUMTER COTTON MARKET.

The cotton weighers report that the total cotton receipts for the season up to and inclusive of Saturday have been 7,946 bales. Middling brought 10c today.

T. C. Scaffie, the old reliable stove dealer, advertises some prices that will be interesting to buyers. He announces that his stock is now complete.

The hot supper which was advertised to be at the Oswego Academy on the 21st was postponed until today, the 26th. Notice of the change, which should have appeared in last week's W. & S. did not reach us after the paper was printed and mailed.

A fox has located his winter quarters on the lot in the rear of Mr. W. E. Mims' residence, near the stand pipe, and if there are any fox hunters in town they can get up a chase almost any night.

The Sumter Dry Goods Co.'s ad in this issue should be read with pleasure and satisfaction by all who would profit by what they say. They offer a convincing argument that the advantage is largely in favor of the customer, since they are quoting old figures in the face of the advanced prices which the raw material is now bringing.

Poisonous toadstools resembling mushrooms have caused frequent deaths this year. Be sure to use only the genuine. Observe the same care when you ask for DeWitt's Witch Hazel Salve. There are poisonous counterfeits. DeWitt's is the only original Witch Hazel Salve. It is a safe and certain cure for piles and all skin diseases. J. S. Hugbison & Co.

Read the new ad. of Schwartz Bros. in today's paper telling of what they will offer at their fall opening on Monday, October 1st.

The Grand Master of Masons of South Carolina has issued a circular letter, calling on the lodges in the State to aid our suffering brethren in Texas. Claremont Lodge No. 64 anticipated this action and has already contributed \$20.

The Sumter Institute opened for the session of 1900-01 on Tuesday, the 18th, with an increased attendance over last year and a number of boarding pupils are yet to come in. The outlook for the school is brighter than it has been for several years and the attendance of both day and boarding pupils is larger than at this time last year.

Large sun spots, astronomers say, caused the extreme heat this summer, and doctors declare nearly all the prostrations were induced by disorders of the stomach. Good health follows good digestion. Kodol Dyspepsia Cure digests what you eat. If you have indigestion or dyspepsia it will quickly relieve and permanently cure you. J. S. Hugbison & Co.

The tobacco warehouse is enjoying a prosperous season and there are large sales every day. The total amount of tobacco sold thus far more than doubles the total at this date last year, and there is every reason to believe that the total sales for the season will reach the million mark. Manager Hancock is a hustler and has the confidence of the tobacco growers to an unusual degree and his name alone is a drawing card. He was the pioneer warehouseman of Timmonsville and did more, it is said, to establish that market on a firm foundation than any one man. He believes that Sumter has greater advantages for the establishment of a great tobacco market than any other place in the state and he is sparing no effort to utilize those natural advantages and make Sumter the leading tobacco market in the State.

The progressive nations of the world are the great food consuming nations. Good food well digested gives strength. If you cannot digest all you eat, you need Kodol Dyspepsia Cure. It digests what you eat. You need not diet yourself. It contains all of the digestants combined with the best known tonics and reconstructives. It will even digest all classes of foods in a bottle. No other preparation will do this. It instantly relieves and quickly cures all stomach troubles. J. S. Hugbison & Co.

The members of the Sumter Light Infantry should join the naval reserves and petition the secretary of the navy to order a gunboat to proceed up Turkey Creek and anchor off the natatorium. For days last week Capt. Wilson endeavored to get his command to meet for drill, but on every evening appointed for drill, nine-tenths of the members would betake themselves to the natatorium and go in a washing. One night ten men out of forty reported for drill while the other thirty were deporting themselves like fish in the balmy waters of the natatorium with various and sundry nymphs, mermaids, nudes and such like feminine folk of the flimsy and web-footed tribe. The natatorium is a success, but it has played thunder when brave soldier boys take to water there is at once an end to the Dutch courage. Nymphs and mermaids and high diving artists are seductive and irresistibly charming creatures and it is not in soldier nature to resist when on guard duty looms up for a failure to attend drill. Capt. Wilson knows that inspection is near at hand, and if the brave soldier boys do not forsake the water and return to regular duty he will send a corporal's guard down to the natatorium some fine night and arrest every brave soldier boy that can be found.

The band will give an open air concert on the Monumental Square Thursday evening next, instead of Friday evening so as not to conflict with the minstrel performance at the Opera House on Friday evening.

The great success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the treatment of bowel complaints has made it stand out over the greater part of the civilized world. For sale by A. J. China.

R. R. WRECK AT BRICK YARD.

Wrecking Train and Shifting Engine in Collision.

There was a collision between the shifting engine and the wrecking train Friday night at the brick yard switch near the city limits. The shifting engine was carrying two cars to the brick yard, one loaded with lumber and the other with machinery, and was just pulling into the brick yard side track when the wrecking train came along at full speed. The engine of the wrecking train struck the car loaded with lumber and smashed it all to pieces. The car loaded with machinery was also partially wrecked and the lumber on the first car was driven into it so that the contents of the car were broken and seriously damaged. The wrecking train engine was damaged to some extent, but the shifting engine being on the siding and clear of the main line was not injured. The crews of the trains escaped without serious injuries, but some of them sustained bruises and were badly frightened.

D. M. Osborne & Company Take the Grand Prize at Paris.

D. M. Osborne & Co., who are exhibiting their line of harvesting machines at the Paris Exposition, have great reason to feel proud of the distinction won there by the excellent showing of their machines.

They have secured the highest award obtainable, not only for their Mower, Reaper and self-binding Harvester, but it includes their Tedder, Rake and also their complete line of Peg, Spring Tooth and Disc Harrows.

Notwithstanding the tremendous competition of the American and Foreign exhibitors the jury extended to the Osborne line their highest tribute.

In addition to the grand prize, the Osborne Self-Binding Harvester and the Osborne Mower took the first prize at the great field trial held June 16, at La Garrie, France.

A C. L. Excursion Rates.

On account of Street Fair and Carnival at Danville, October 3-6th, Atlantic Coast Line will sell round trip tickets to Danville at rate of one 1st class fare for round trip; tickets sold September 29th to October 6th, final limit October 8th.

Fire and False Alarm.

At half past eleven o'clock Monday the fire department was called out to extinguish a small blaze on the kitchen at the residence of Mr. J. W. Dennis. The fire was insignificant and was put out with the chemical extinguishers from the Monaghan wagon. When the whistle at the Sumter Ice Factory was blown at one o'clock, it was mistaken for a distress call and the fire alarm was rung. The fire department reported quickly at the scene of the supposed fire, but found that their services were not needed as there was no fire.

Cause of False Alarm.

The false alarm of fire that called out the fire department on Monday was the result of the whistle of the Sumter Ice Factory getting out of fix. When the engineer pulled the whistle cord to blow the whistle at the usual hour the spring became caught and the whistle continued to blow until a man could be sent up on the roof to release the spring and stop the blowing.

A Word to Mothers.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by A. J. China.

Commissioners of Election.

Gov. McSweeney has appointed the following commissioners of election for Sumter county on the recommendation of County Chairman Knight: State—W. E. Kolb, E. B. Muldrow, H. A. Moses. Federal—J. P. Kilgore, W. J. Dinkins, F. D. Knight.

Let Every Child go to School.

No child, however poor its parents may be, need be deprived of going to school in our city this winter. Gamcock Lodge No. 17, Knights of Pythias, has decided to use a part of the Charity Fund to assist in supplying the necessary clothing, books, &c. for any child who is needy. Any worthy cases reported to the committee, Messrs. G. D. Shore, J. H. Levy and L. I. Parrot, will be promptly looked after.

Fall Announcement.

All householders are requested by the Chief of the Fire Department to burn out their chimneys during the first rainy spell. If this is done a serious fire may be prevented and in any event numerous false fire alarms will be avoided.

WANTED—SCUPPERNON GRAPES.

A few bushels of Scuppernong, either white or black. N. G. OSTEN

Mrs. L. Atkinson, Fashionable MILLINERY.

I have just returned from Baltimore and New York, where I selected my Fall and Winter Millinery. My stock comprises all the latest novelties of the season. I am now getting ready for my Formal Fall Opening of Pattern Hats, dates of which will be published in this space in due time.

I will try this season to give the latest styles in best materials, and at the lowest prices.

I hope all who can will attend the opening—for it is then that you can get a true idea of the styles for the season. I have on sale now a beautiful line of Street Hats. Call and see them.

I can furnish you with the new neck ribbons made up for use—the latest fad—also the very popular velvet bow for the hair. Every lady should have these little notions.

Call and see us—we will treat you right.

Yours truly,

Fire Last Night.

The fire department was called out about 9 o'clock last night to extinguish a fire at Adam Young's house, on lower Main Street near the Cotton Oil Mill. The fire did little damage except to the interior and was put out by Monaghan squad within a few minutes after they arrived on the scene. Delgar squad was late in getting out and did not reach the fire in time to do any work.

A Fine Horse Dead.

Modoc McEwen, the fine standard bred stallion, that was well known to all horsemen in Sumter county, died on Monday night from the effects of a severe case of pneumonia. He was owned by Dr. C. P. Osteen and was a valuable animal being registered in the American Trotting Register and having a trotting ancestry extending back through both sire and dam to Hambleton II, the progenitor of the American horse.

NERVOUSNESS, An American Disease.

DR. S. WEIR MITCHELL is authority for the statement that nervousness is the characteristic malady of the American nation, and statistics show that nerve deaths number one-fourth of all deaths recorded, the mortality being mainly among young people.

Johnston's Sarsaparilla QUART BOTTLE.

is the grand specific for this great American disease, because it goes straight to the source of the weakness, building up health and strength by supplying rich, abundant food and pure blood to the worn-out tissues, rousing the liver to activity and regulating all the organs of the body.
